## **DETAILED ACTION**

### **Summary**

On August 23, 2004, an Office Action was sent to the Applicant rejecting claims 1-14. On November 29, 2004, the Applicant responded by amending claims 1-4, 9, and 13-14.

### ***Claim Objections***

The objection has been withdrawn.

### ***Claim Rejections - 35 USC § 112***

The rejection has been withdrawn.

### ***Claim Rejections - 35 USC § 101***

The rejection has been withdrawn.

### ***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 3-14 are rejected under 35 U.S.C. 102(b) as being anticipated by Katz (5,801,365), as set forth in the previous Office Action.

With regard to the amendment to claims 3-4, 9, and 13-14, it is inherent that a user may compare the identity of the charity with a list of qualified charities under United States Internal Revenue Code to prevent issuing a check containing personal information to someone whose intent is to commit fraud.

***Claim Rejections - 35 USC § 103***

The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

Claims 1-2 are rejected under 35 U.S.C. 103(a) as being unpatentable over Katz in view of Alcordo (5,566,981), as set forth in the previous Office Action.

With regard to the amendments to claims 1-2, it would have been obvious to one having ordinary skill in the art at the time the invention was made to confirm the identity of the payee under United States Internal Revenue Code to prevent issuing a check containing personal information to someone whose intent is to commit fraud.

***Response to Arguments***

Applicant's arguments filed November 29, 2004 have been fully considered but they are not persuasive. The Applicant argues that neither Katz nor Alcordo disclose or suggest confirming the identity of the charity under the United States Internal Revenue Code. In response, fraud is committed everyday in the banking industry by individuals and groups posing as legitimate charity organizations. In order to prevent unauthorized access to personal information contained on checks, thus deterring fraudulent acts, an individual may conduct the additional step of confirming the identity of the organization under United States Internal Revenue Code. Therefore, the Examiner is interpreting the references as reading onto the invention substantially as claimed.

***Conclusion***

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
